Feel the History of Alexandria

Alexandria was founded by Alexander the Great and has been the crossroads of civilisations since then. In addition to historic landmarks including the Roman Amphitheatre, the Catacombs of Kom El Shoqafa, and the Bibliotheca Alexandrina, an abundance of monuments exist throughout the city attesting to the city's Greco-Roman heritage. The coastline promenade, parks and gardens, and historic forts provide opportunities to appreciate Alexandria in your way at your own pace. An Alexandria airport flight is more than a trip; it's an immersion into one of the oldest living museums against a Mediterranean backdrop.
